Program Spotlights

We are saying "Bye Bye Bye" to our music seniors! These four individuals have truly left their mark on our ensembles. They have brought so much energy, encouragement, progress, and joy to ensembles. We will miss them greatly! Mrs. Wohling and Mrs. Awaehsaeh are so excited to see you continue to *crescendo* after graduation! Make sure to give these musicians some *sound* advice for their future!

Agriculture students have been busy with labs this spring! The Plant Science class learned about cut flowers and how to keep them looking fresh as long as they could. Students had the opportunity to create their own flower food recipe and see who could keep their flowers upright the longest! Animal Science students created a "Trail Mix Ration" when learning about how to create animal feed rations. Students in Wisconsin Ag Commodities used a variety of potatoes to create their favorite potato recipes. Ecology students completed a fermentation lab. Each student picked a different sugar source and had a competition to see which material would create the most gas to fill up a balloon.

The inaugural season of the newly created MS Softball team is almost to a close. This year, 16 brave 5th through 8th grade students joined together to learn and play competitive softball under the direction of Coach Scott Jacquart and Coach Missi Schall. Members of the team include 8th graders Madison Schreiber and Teaghan Kresnak; 7th graders Kiara Tucek, Ellie Buchanan, and Nevaeh Beyer; 6th graders Kendall Anderson, Klaire Her, Clarabelle Gentry, Naomi Jarosinski, and Serenity Jacobson-Croft; and 5th graders Ellie Becker, Olivia Schrader, Addison Dentici, Ava Vaughan, Maya Dretske, and Aislin Daak. Thank you to the parents and players of this historical team. We hope to see most of you again next year!

Important Information

- Check out the NFHS Flyer to be able to watch sporting events online. [NFHS FLYER](#)
- Reminder - Daily Announcements are posted on the [School District Website](#).
- The last day of school is Friday May 24th. Graduation starts at 7pm. Doors open at 6pm.

Students of the Month

Each month the Jr. / Sr. High School staff select one student that exemplifies the Falcon Way and growth. The students and a description of why they were selected is presented each month to the school board.

Maddux Lang is a one-in-a-million individual. Maddux has shown great academic growth and independence in his seven years attending Hustisford Middle/High School. In the past several years Maddux has found an interest in shop classes, particularly those addressing small motors and woodworking. Over his time at Husty, Maddux has actively participated in school and club basketball and

soccer programs. Maddux is the first one willing to assist anyone who requires help, be it a peer or staff member. His big smile and laugh will be missed in the halls and classrooms of the school this fall. We wish him the best of luck in his future endeavors.

Zariah Gast has been a wonderful student to have in the middle school this year. She is a hardworking young lady that always gives her best effort. She demonstrates a high level of responsibility by coming to class prepared and completing her work on time. She works well with others and is a good team player. She is also a fun person to be around. She has a great sense of humor and an infectious laugh. Keep up the great work and we are excited to see the person that you grow to be.

Club Corner

FFA - The Hustisford FFA will be helping with the petting zoo at the Dodge County Dairy Brunch on Sunday June 2nd at the Hafemeister Farm. Erin Lenhardt will be receiving her State FFA Degree and Noah Gouvion will be performing with the State FFA Honors Band at the 2024 State FFA Convention in Madison. The Dodge County Fair is August 14-18; entries are due June 14th.

Yearbook - Yearbooks will be delivered to the school some time in August. Senior Pictures for the class of 2025 are due by December 20, 2024. More information will be sent out towards the beginning of next school year.

Staff Member of the Month

Curtis Koch was selected to be the Educator of the Month for his never-ending passion to make the Jr. / Sr. High School the best he can. His dedication to the students and school district has no boundaries.

Curtis looks for ways to help students improve learning in his classroom and in life. He is usually one of the first people to volunteer to help anyone, and goes above and beyond for the students and staff. Curtis provides support, advice, and leadership for so many students and staff in this district. Curtis is the perfect example of the great teachers we have in this district. It is our pleasure to name Curtis Koch the recipient of the Educator of the Month Award.
